

M.S. Notice 29 of 2009

No.11-TR(18)/2004-IV

Dated : 17th August, 2009

Subject : Reallocation of intake of one year pre-sea Diploma in Nautical Science Course leading to 3 years B.Sc (Nautical Science) Degree Course from February to August batch - reg.

1. It has been observed that the requests for reallocation of intake from February to August batch for conducting one year pre-sea Diploma in Nautical Science Course are received throughout the year from the Maritime Training Institute conducting this course.
2. Once an institute has commenced the February batch, the reallocation of intake from February to August batch for that year results in the annual intake capacity going beyond the sanctioned capacity for the course. Therefore, if the Institute has already inducted students for the February batch of the DNS Course, no request for re-allocation of intake shall be entertained for the August batch of that year.
3. To overcome this problem, all the maritime training institutes conducting DNS Course are advised that the proposal for re-allocation of intake capacity should be submitted by 1st October of the year so that decision can be taken before the commencement of the February batch of the subsequent year.
4. This issues with the approval of the Director General of Shipping & Ex-Officio Additional Secretary to the Government of Ind
