

Revised Course Curriculum for Two Years Marine Engineering Course (Included in TEAP B Appendix III/1A-2 & 2.1)

DIRECTORATE GENERAL OF SHIPPING

	Examination, Assessment & Certification (EAC Br.)	IS / ISO Clause No. 7.1
Ref: QMS: EACQP - 07 - 1	Subject: Revised Course Curriculum for Two Years Marine Engineering Course	File No: TR/CIR/2011
Authorized by:CS/ DG	Circular No: STCW 2010 Circular No. 05 of 2012	Date: 12.01.2012

1. As the shipping Industry and the seafarers are well aware, the 2010 Manila Amendments to the STCW Convention have entered into force on 1st January 2012, through the Tacit Amendment Procedure as laid down in the STCW Convention.
2. In view of the above amendments to STCW Convention, the revision of course curriculum for Two Years Marine Engineering Course has been carried out by the DGS in consultation with the training institutes and employers (shipowners and manning agencies).
3. The competence table is attached as Annexure I
4. It is expected that training institutes would follow these guidelines in letter and spirit.
5. The above revised course curriculum shall come into force on 1st July, 2012 for new batches.
6. This issues with the approval of the Director General of Shipping and ex-officio Additional Secretary to the Government of India, under the power conferred in the Chapter IX Rule 47 of Merchant Shipping (Standards of Certification & watch - keeping for Seafarers) Rules, 1998.

Two Years Marine Engineering Course

1. Basic Details of the course

1 Aims

This course covers education and training which meets or exceeds the level of knowledge and competence specified in Table A-III/1 as per the requirements of 2010 STCW Convention Chapter III, Section A-III/1.

.2 Course objective

The objective of this course is to impart training with background knowledge and practical work to enable them to be competent to carry out the engineering watch keeping duties safely. In addition certain competencies of Section A-III/2 are also imparted with an aim for making quality Marine Engineers.

2. Course Duration

Total teaching hours for Two Years Marine Engineering Course is 3111 Hours.

3. Evaluation and Certification

Periodic evaluation shall be carried out by the institutes conducting the course. The performance evaluation system employed should be designed to match the objectives of the curriculum, which is to develop both theoretical knowledge and practical skills as well as inculcate various other qualities like team spirit and leadership qualities.

4. Two Years Marine Engineering Course

The course outline and syllabus for Two Years Marine Engineering Course as per amendments made to STCW 95 has been developed and is attached as Annexure- I & Annexure-II respectively.

5. Transitional provision

Even though the new amendments require candidates starting their Pre Sea courses from 1st July 2013 to conform to the new amendments, this administration has decided as a proactive measure, that candidates starting their Pre-Sea courses after 1st July 2012 will pursue the course wherein amendments of the STCW 2010 have been incorporated. Candidates starting their Pre-Sea Course before 1st July 2012 will be required to do the up-gradation course as applicable, unless the amendments of the STCW 2010 have been included in the pre-sea training course along with the documentary evidence.
