

NOTICE TO ALL MEO CL- II CANDIDATES

Dear Candidates and All Examiner of Engineers,

Please note that, in view of ongoing pandemic (COVID-19) and other associated issues, we have stopped the oral exams as per Instructions from Chief Examiner of Engineers.

Also considering the DGS order 2 of 2020 has given guidance on written examinations and that 23rd March 2020 will be the last day of written examinations (as per the referred order).

However, it is observed in the news that the local train services will be shut in Mumbai from midnight of 22.3.2020. Also there is stopping of railway train service across the country, including complete lockdown in many states to avoid and check spread of the COVID19 virus. Hence it is advised by the Chief Examiner of Engineers to CANCEL the written examinations scheduled on 23rd March 2020. This examination will be rescheduled and date of examination will be communicated later after the resumption of public services.

Please take care and be safe.

Please spread this message and share with the all the MEO CL II candidates who have booked for examination on 23.3.2020.

Any queries please send to cs-dgs@nic.in
